Make a *Joyful* noise unto the Lord
Psalm 98:4

SUNDAY, April 26, 2020

2:00 PM

Free Admission

****ALERT****

We are at the height of the flu season, and a growing concern of the spread of the COVID-19 virus. As a preventative measure in order to protect the health of our residents we are **restricting all visitors** who have the following symptoms or travel history:

- **Cough, fever, shortness of breath**
- **Cold or flu like symptoms**
- **Known exposure to anyone with the Flu or COVID-19 virus**
- **Travel outside of the United States within the last 30 days**
- **Travel to California, Oregon, and Washington state within the last 30 days**

If you have any of these symptoms, you will not be able to enter our building until you are symptom free and cleared by your health care provider.

This restriction will be in place until the CDC states we are no longer at risk for the spread of COVID-19 and the flu season is over. Your loved one can be reached via telephone or we may be able to connect you virtually.

The health and well-being of our residents and staff is our highest priority. We appreciate your understanding and cooperation as we do our part to assist in combating the spread of flu and COVID-19 and we will keep you apprised of any changes in the restriction.

March 3, 2020

Dear Friends and Family of Presbyterian Senior Living,

We are at the height of the flu season and a growing concern of the spread of the COVID-19 virus (Coronavirus). There is interest in understanding our community preparedness for the spread of infectious diseases during this time and I am writing to share that with all of you.

1. We are restricting visitation in our Health Centers, Assisted Living and Personal Care communities. The restriction is in place at all PSL communities for anyone who has traveled to areas with COVID-19 known cases, as well as those displaying signs or symptoms of flu or respiratory illness. We will be posting the visitation restriction notification on all community entrance doors, and notifying our residents and their families.
2. We have a plan in place to assess and stock the necessary supplies for our staff and residents to aid in the prevention of the spread of disease.
3. We will continue to evaluate information from the CDC as it becomes available and will proactively update our care and communication plans as needed.

As always, the health and well-being of our residents and staff is our highest priority. We appreciate your understanding and cooperation as we do our part in combating the spread of flu and COVID-19.

Kind Regards,

A handwritten signature in black ink that reads "James F. Bernardo".
